

Commercial Intelligence, Advantage unlocked.

Track and benchmark the depth, frequency, and structure of competitor promotions — with future expansion into casino and sports catalogue intelligence.

Competitor Promotion Tracking

Stay on top of competitor campaigns by automatically surfacing all live promotions across sportsbook and casino. See offer mechanics, creative execution, and targeting strategies in real time.

Release Timing Insights

Identify when and how often competitors launch their promotions (e.g. daily boosts, event-based bonuses). Benchmark release patterns to optimise your own timing and capture customer attention first.

Offer Benchmarking

Compare the strength and positioning of your promotions versus competitors — from bonus size and odds boosts to duration and targeting. Understand where you're leading or lagging in perceived value.

Market Segmentation & Targeting Analysis

Uncover which player segments competitors are targeting with specific promotions (e.g. new players, high-value bettors, casino vs. sports). Inform your own CRM and acquisition strategies with real-world competitive data.

Trend Spotting & Market Shifts

Detect emerging promotional trends (e.g. gamified offers, parlay boosts, cross-sell campaigns) early. Jurnii 360 highlights shifts across the industry so you can adapt before competitors pull ahead.

Real-Time Alerts

Receive instant notifications when competitors launch a major offer or change strategy — keeping trading, marketing, and CRM teams aligned and responsive.

Historical Database & Reporting

Store all your competitor historical promotion data to measure long-term strategies, seasonal trends, and competitor playbooks. Use reporting to justify campaign decisions and budgets.

Jurnii 360 Pricing

Our pricing structure is based on the amount of brands and frequency of analysis per day, below is a comparative structure and example of scale.

Number of Brands	5	10	20
Analyzing 4x per day	£76,800/year	£138,240/year	£248,832/year
Analyzing 2x per day	£65,280/year	£117,504/year	£211,507/year
Analyzing 1x per day	£53,760/year	£96, 768/year	£174,182/year
Pricing shown is indicative only and may vary depending on the final scope of work agreed.
